THE CITY OF TORONTO.

The City of Toronto is situated on the northern shore of Lake Ontario, nearly due north from the mouth of the Niagara River. It lies on a plateau gradually ascending from the Lake Shore to an altitude of 220 feet, and covers an area (not including land covered by water) of about 28 square miles. It is generally level with slight depressions at points where minor water courses formerly existed. The River Don flows through the eastern part of the City, and the River Humber along its western limit. The harbor in front of the City (a square mile in area) is formed by an island lying to the south of it.

The name of the City is of Indian origin, meaning "a place of meeting," the site in early times being a rendezvous for Indian tribes for council or war-like expedition. It first appears as a centre of trade in 1749, when the French built a fort and started a small trading settlement under the name of Fort Rouille. Its occupancy, however, was not long undisturbed, as British traders appeared soon from the south, and in the war between France and England the fort was burned in order to prevent English occupation in 1759.

Governor Simcoe chose the site of the City for the capital of the Province of Upper Can-

ada, and changed the name to York in honor of the Duke of York, son of the then King George III. The town was occupied by the U. S. forces in 1813, and the Legislative Assembly and archives were burned. Self-government was granted in 1817, and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto.

Since then its progress has been rapid and substantial. The population has doubled practically every fifteen years since incorporation. It is now the second city of the Dominion, and is rapidly approaching first place. The City is noted for its many fine public and other buildings, its parks and beautiful shade trees. It is the Capital of the Province of Ontario. The business of the Province is carried on in the Parliament Buildings, a magnificent brown stone structure, beautifully situated in Queen's Park.

As a location for manufacturing and commercial establishments the City possesses many advantages for the production of almost every class of goods. Its growth in every direction is so noticeable that little need be said to prove its claim of having the most favorable conditions for the production and distribution of goods. It has water communication east and west to many important centres, to tide water and to more than one-half the way across the continent, and has railways to provide excep-

ional trade handling facilities. In addition to he foregoing advantages, the City will in a hort time be in a position to offer to manufacurers an abundant supply of cheap power from Niagara Falls.

The government of the City is vested in a Municipal Council, consisting of the Mayor and four members, forming the Board of Control (all five being elected annually by the citizens at large), and twenty Aldermen (three being elected annually from each of Wards Nos. 1 to 6, and two from Ward No. 7 (formerly the City of West Toronto). The Council as a whole is the legislative body of the municipality, and carries on its legislative work through standing committees in the usual way. The Board of Control is the executive body, and as such is responsible for the preparation of the annual estimates and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Departments of Education and Police, the first being under the control of a Board of Education, elected by the citizens, and the latter under the Board of Police Commissioners, which consists of the Mayor, for the time being, the County Judge and the Police Magistrate.

Mayors of the City of Toronto, from the Date of its Incorporation in the Year 1834 to the Year 1910.

1834—William Lyon MacKenzie.
1835—Robert Baldwin Sullivan.

All appeals for reduction of taxes on buildings in consequence of vacancy, or for any other cause, should be filed with the City Clerk.

The City Clerk is the Clerk of the Court.

City Hall.

The City Hall, situated on Queen Street, between James and Teraulay Streets, is a massive brown stone structure, and contains accommodation for the Council and Officers of the Municipality, for the Board of Education and its Officers, and for the Courts of Justice (including the Police Court) and the various Judicial Officers connected therewith.

The site, expropriated in 1884, was originally intended for Court House purposes only, but it was subsequently decided to erect a combined City Hall and Court House thereon. The corner stone was laid on the 21st day of November, 1891, by the then Mayor, the late Edward F. Clarke, M.P., and the work of construction continued for eight years, the building being formally opened for public business on the 18th September, 1899, by John Shaw, Esq., Mayor of the City.

In the tower of the building is a massive clock of British manufacture (the largest winding clock on the continent), and three bells, which are used for striking the quarter hours, half hours and the hours.

The dimensions, cost, etc., of the building are as follows:

Frontage	289 feet
Depth	283 feet
Circumference	1,328 feet

CITY HALL—*Continued.*

Total floor space .....5.40 acres

City Assets and Revenues.

(*From the City Treasurer's Budget.*)

In considering the City debt, the value of the property and other assets possessed by the City should not be overlooked. The estimated value of this property is over $20,000,000, and a large amount of it is revenue producing. This valuation is exclusive of all the public works and services of the City, which have been provided at heavy cost to the taxpayers, and, though not available assets, are required for public use and convenience. The water lots owned by the City, the walks and gardens and other leasehold property, with the Market Block, yield an annual revenue of about $160,000, which will increase from year to year as the leases mature and are renewed. The total revenue from the City properties, exclusive of the Water Works, is about $187,000, and at 3½ per cent. represents a capital of over $5,300,000. In addition the City derives a revenue from licenses, police court fines, cattle market and weigh-house fees, and the street railway service (exclusive of that derived from the Water Works), of about $941,100. The estimated revenue this year from the Water Works is $725,000. These, with other revenues, bring the annual revenue of the City to $2,162,909, exclusive of the amount raised by taxation.

Estimates of the City of Toronto for the Year Ending 31st December, 1910.

Debt charges distributed as follows:

General Debt	$1,376,54
Street Railway Debt	80,70

Area of City and Street Statistics.

Area of the City, not including portion of nd covered by water, is 28 square miles.

407.57 miles of streets in the City.

115 miles of lanes in the City.

mproved roadways as follows:

	Miles in 1908.	Miles in 1909.
Asphalt	101.07	118.44
Cedar block	24.77	17.71
Brick	23.90	25.41
Macadam	44.16	45.91
Wood on concrete	.45	.49
Stone and scoria block.	2.36	2.34
Gravel	13.65	21.15
Tar macadam	5.71	3.88
Bitulithic	15.66	20.68
Unimproved roadways	71.95	145.44
Sidewalks—		
Stone flag	1.82	1.82
Concrete	340.92	393.76
Brick	3.66	3.66
Wood	75.00	75.00
Sewers	275.01	298.56
Water mains	323.74	341.53
Gas mains	361.00	394.00
Street railway, single tracks	103.20	103.20

Births, Marriages and Deaths.

The number of births, marriages and deaths in the City of Toronto during the year 1909, as shown by the Registration returns is as follows:

Births	7,839
Marriages	3,905
Deaths	5,188

All births and marriages must be registered at the City Clerk's Office, City Hall, within 30 days from the occurrence thereof.

Deaths must be registered at the same office before a permit to bury can issue.

Parents, or occupants of dwellings where births occur, are required to register births.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to register in either case renders parties liable to a fine not exceeding $10 and costs.

Public Health.

The death rate of the City is 15.25 per thousand of the population.

The public hospitals in the City are located as follows.

Toronto General Hospital, Gerrard Street East.

St. Michael's Hospital, Bond Street.
Sick Children's Hospital, College Street.
Western Hospital, Bathurst Street.
Grace Hospital, College and Huron Streets.
St. John's Hospital, Major Street.
Riverdale Isolation Hospital for Contagious Diseases, Gerrard Street East.

The ordinary ambulances for cases of non-contagious diseases are under the control of the Police and answer to the call of "Main 222." The ambulance for cases of contagious diseases is in connection with the Health Department, and answers to "Main 2729."

In all complaints of nuisances—drop a post card to the Health Department.

In case of accident, the patient, if of adult age and conscious, has the right to state to what hospital or where he wishes to be taken. In cases of children or those in an unconscious condition, the medical attendant, and in cases where there is no medical attendant, the Police, are supposed to direct the ambulance.

In cases where a person is found dead and no medical man has been in attendance, a coroner should be notified, who has authority to issue a warrant to bury after view, or order an inquest, as he may deem necessary.

POPULATION—AS SHEWN BY ASSESSORS.

1834	9,254
1844	18,420
1854	38,480
1864	45,156

Total	325,302

POPULATION—AS SHEWN BY POLICE CENSUS.

1893	188,333
1897	195,987
1901	221,583
1905	262,749
*1908	301,930

*This is exclusive of the population of West Toronto, East Toronto, Deer Park, Wychwood

POPULATION—*Continued.*

and Bracondale, estimated according to census taken by police to be 21,672. This made the population of the entire City on May 1st, 1909, according to the Police census, 323,602.

ASSESSMENT OF CITY.

(*Every fifth year, from 1875 to 1900, and annually since then.*)

Year.		Assessment Rate.	Tax for City and School Purposes.
1875	$46,506,208	14 m.	$651,087 92
1880	50,166,639	17	852,832 86
1885	68,957,706	17	1,172,281 00
1890	136,887,328	14½	2,084,866 00
1895	146,382,412	16¼	2,378,707 00
1900	124,992,959	19½	2,437,362 00
1901	128,318,703	19	2,438,055 00
1902	133,844,955	19½	2,609,975 00
1903	138,588,605	19	2,636,183 00
1904	142,328,897	19	2,704,239 00
1905	149,159,206	19	2,834,025 00
1906	167,411,678	18½	3,097,115 00
1907	184,283,085	18½	3,409,237 00
1908	206,088,990	18½	3,812,684 00
1909	227,800,000	18½	4,214,300 00
1910	269,866,219	17½	4,721,189 00

NOTE.—The amount of taxes raised as above set forth may not balance with the amount found by calculating the mill rate on the assessment for any given year. The difference arises from the fact that a portion of the assessment is liable for school rates only.

Street Lighting.

Number of arc lights in use.....	1,800
Number of incandescent lamps in use....	90
Number of gas lamps in use.....	1,140

Arc lights cost 19c. per light per night.

Gas lights cost $20 each per annum, and are operated by the City.

Arc light contract expires Dec. 31st, 1910.

All street lights are to be lighted each and every night of the year, 30 minutes after sunset, and extinguished 30 minutes before sunrise.

Rates for Gas and Electric Lighting.

The rates for electric lighting are as follows:

For store and office purposes, 12 cents per thousand watts net.

For dwelling houses, churches, etc., 8 cents per thousand watts net.

Accounts are rendered monthly, and must be paid within ten days to secure these rates.

The rate for gas for all purposes is 75 cents net per thousand cubic feet.

Accounts are rendered quarterly, and must be paid within fifteen days to secure this rate.

Rates for Electric Power.

Power Used.	Rating.	Monthly Minimum.
Small and intermittent powers under 1 h.p., use	8c. per k.w. hour..	$ 1 00
1—2 h.p., use....	6c. " " ..	15 00
3—6 " "	4c. " " ..	25 00
7 h.p. and over, use.	3c. and 2⅔c. per k.w. hour according to contract.	50 00

On $100 monthly bills, 10 per cent. discount.

On $150 monthly bills, 15 per cent. discount.

The h. p. use is based on 10-hour power, or 3,000 h. p. hours per annum, and minimum applied to provide basis for rating.

Toronto Hydro-Electric System.

Niagara Falls power will be ready for distribution at an early date. The 80 miles of transmission system is rapidly nearing completion.

Practically all the contracts for the City's substations, underground and overhead lines, have been let, so this work will be finished in ample time. Power and lighting rates are to be greatly reduced. This should mean added industries for Toronto and a more extended use of electricity by all classes for all purposes.

Hydro-Electric System—*Con.*

The City has issued two schedules of rates one for primary power service, and the other for residence service. The schedules covering Commercial Power and Commercial Lighting are to follow shortly. Any of these schedules will be furnished upon application. It is expected that all of the schedules will be ready for publication in next year's edition of this book.

Weather Records.

Year.	Average Temperature. Winter. Jan. Feb.	Summer J'ly Aug.	Year.	Lowest Temperature during year. Date.	Below Zero.	Highest Temperature during year. Date.	Above

Zoological Collections.

During the past few years, through the gen
erosity of various citizens whom Ex-Alderma
Daniel Lamb prevailed upon to assist in form
ing a nucleus for the Zoo, quite a number o
birds and animals have been placed in River
dale Park, while in High Park a number o
deer and a hybrid buffalo are located.

Street Railway Statistics.

The following statement shows the revenue received by the City from the Toronto Railway Company since the Company obtained the franchise in 1891:—

Year.	Mileage.	Percentage.	Total.
	$ c.	$ c.	$ c.
1891 (4 months only)	18,134 94	22,967 10	41,102 04

lows:

STREET RAILWAY STATISTICS—*Continued.*

Cash fares, 5 cents each, good between 5.30 m. and midnight.

Night fares (cash), 10 cents each (for use etween midnight and 5.30 o'clock a.m.)

Tickets (sold by conductors on cars) as fol-)ws:

25 for $1.00; 6 for 25c., good at all times etween 5.30 a.m. and midnight.

8 for 25c., good before 8 a.m. and between and 6.30 p.m.

7 for 25c., good on Sundays.

10 for 25c., good for school children between a.m. and 5 p.m., except on Saturdays and Sundays.

Children under 9 years of age are carried at alf fare. Infants in arms free.

Transfer tickets are issued free of charge o enable passengers to reach any point in the City for one fare.

The agreement existing between the City and he Company expires on September 1st, 1921.

Payment of Taxes and Rates.

Taxes for 1910 are payable as follows:

1st instalment, including local improvement rates, July 11th.

2nd instalment, September 10th.

3rd instalment, November 10th.

Water rates are payable half-yearly, on May 31st and October 31st.

Cattle Market Receipts for 1909.

Cattle received	172,336
Sheep received	144,984
Hogs received	92,484
Calves received	30,149
Weigh fees	$7,376.69

Cattle Market Fees.

	Market Fees.	Storing Fees.
Amount to be received for 1910	$19,000	$33,100

Building Permits.

Number of permits issued in 1909, 5,056.

Number of buildings erected during the year 7,184.

Estimated value of buildings under permits issued, $18,139,247.

Local Improvement Works.

When the owners of property on any street or lane desire a sewer, sidewalk, pavement or curbing, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the City Engineer for a form of petition to the Council for the work or improvement. When such petition is signed by two-thirds in number of the owners representing more than one-half in value of the property to be benefited by the work or improvement, the Council may proceed therewith and assess the cost against the property benefited.

If the names of two-thirds in number of the property owners representing more than one-half in value of the property cannot be obtained, the petition may nevertheless be presented to the Council, and if the Council on the recommendation of the City Engineer finds that the work is necessary, and in the public interest, it may direct that it be proceeded with, unless a majority of the property owners interested representing more than one-half of the value of the property to be assessed petition against the proposed work or improvement within a month after the Council gives notice of its intention to proceed with such work.

LOCAL IMPROVEMENT WORKS—*Continued.*

Notwithstanding any petition to the Contrary, the Council, if it deems the same necessary in the public interest, and by a two-thirds vote of the whole Council, may proceed with any of the above-mentioned works and assess the cost thereof against the property benefited.

The following tables prepared by the City Engineer shew the approximate annual cost of different classes of permanent pavements and sidewalks. Similar information as to sewers cannot be given owing to variations in the cost of excavating different grades of soil. The City Engineer, however, will furnish an estimate as to the cost of sewers upon application being made therefor by property owners interested.

PAVEMENTS

Roadway 24 feet wide with Concrete Curbs.

Description of Pavement.	Cost per square yard. (Estimated).	Cost per foot frontage.	Number of Annual Payments.	Cost per foot frontage per annum.
	$ c.	$ c.		cents.

In private dwellings, each	$0 50
In other than private dwellings, each	1 00
Baths—	
In private dwellings, each	1 25
In other than private dwellings, each	2 50
Urinals—	
In private dwellings, self-acting, each	1 25
Other than self-acting, each.....	5 00
In other than private dwellings, self-acting, each	2 50
Other than self-acting, each.....	10 00

WATER RATES—*Continued.*

	Per Annum.
Water Closets—	
In private dwellings, self-closing, each	$1 25
Other than self-closing, each	5 00
In other than private dwellings, self-closing, each	2 50
Other than self-closing, each	10 00
W. C.'s used in common by two or more houses shall be charged for at the rate of one to each house.	

Schedule "B."—(a) Meter Rates.

(1) To Manufacturers.

6¼ cents per 1,000 gallons when supplied to manufacturers, except any hereinafter referred to.

(2) To Brewers.

8¾ cents per 1,000 gallons when supplied to brewers and to manufacturers of non-intoxicating fluids.

(3) For Swimming Baths.

12½ cents per 1,000 gallons for colleges, clubs and societies having swimming baths in such colleges, clubs or society buildings.

(4) For Other Purposes.

15 cents per 1,000 gallons to distilleries and for hoists, elevators, laundry and all other purposes.

(5) Supplied for Use Outside the City.

30 cents per 1,000 gallons for water supplied outside the City limits.

(B) In addition to the foregoing the following charges will be made for the use of meters when supplied by the Corporation:

Size of Meter.

½-inch or ⅝-inch, per annum	$ 4 00
¾-inch, per annum	4 50
1-inch, "	5 00
1½-inch, "	7 00
2-inch, "	8 00
3-inch, "	15 00
4-inch, "	30 00
6-inch, "	50 00

(C) In addition to the rates for water supplied by meter measurement, and in lieu of the charge for the use of meters supplied by the Corporation, the following charges shall be made for placing, reading and examining meters for persons who may use meters purchased by themselves of a pattern approved of by the City Engineer, after the same have been tested and approved of by the said City Engineer:

Size of Meters.

½-inch, per annum	$ 3 00
⅝-inch, "	3 00
¾-inch, "	3 00
1-inch, "	3 50

WATER RATES—*Continued.*

Size of Meters.

1½-inch, per annum	$ 4 00
3-inch, "	10 00
4-inch, "	20 00
6-inch, "	30 00

(D) All repairs which may become necessary to such meters shall be charged for in addition to the foregoing figures.

Schedule "C."

For Water Supplied upon the Island (Season May 15th to October 15th).

The rates for the season shall be the same as are charged under Schedule "A" hereof, except that the minimum rate for domestic purposes, per family, shall be $5.00.

The rates for water supplied by meter measurement shall be fifteen (15) cents per 1,000 gallons, besides the charge for the use of the meter as provided in Schedule "B," except that the minimum amount payable by persons using meters shall be $5.00 in addition to the usual charge for rent of meter.

Amount of insurance paid	563,526 78
Loss on buildings with no insurance	5,860 00
Loss on contents with no insurance	17,481 00
Total loss over insurance paid	154,064 00

FIRE ALARM TELEGRAPH.

Directions to Give an Alarm.

Upon what may appear as correct information of a fire near your signal box, break the glass, unlock the signal box door and pull the brass hook on the inside door all the way down (once only) and let it go. If you are within hearing distance of the fire alarm bells

or gongs, and do not hear the alarm sound i less than fifteen seconds, go to the next neares box to the fire and do as before directed. Th hook should not be pulled while the alarm i being sounded from some other box, nor befor the expiration of at least thirty seconds afte the alarm has ceased. No alarm should b given for a chimney only on fire, and no bo should be pulled more than once for the sam fire, except by an officer of the Fire Depart ment.

Never open the box or touch the hook excep in case of fire.

Never give an alarm except from the bo nearest the fire, unless you have first ascer tained that the box nearest the fire will no work.

Do not try to take the key out of the doo as it is "locked in" and cannot be taken ou without a relief key.

On the grounds are erected the followin buildings:

Administration Building—A large commod ous building which includes a Post Office, Bani Customs Office, Banquet Hall, and public offic for the general management of the Exhibition

Manufactures and Liberal Arts—This buil ing is built entirely of brick and steel, with floor space of 95,000 square feet.

Machinery Hall and Electrical Building— This building is especially designed for heav machinery and machinery in operation. It equipped with ample steam power and shaftin for the purpose, and has a floor space of 35,00 square feet.

Process of Manufacture and Implemen Building—This is a modern brick and ste structure with 86,000 square feet of floor spac So far as can be learned, this is the onl Exhibition building in the world devoted e clusively to the practical demonstration of Pr cesses of Manufacture.

Art Gallery—This building, erected on th most approved plan of fire-proof constructio

s the largest and most complete fire-proof Exposition Art Gallery on the continent.

Dairy Building—This building is built of cement blocks and has a floor space of 25,000 square feet. It is equipped with an up-to-date cold storage plant, and has in addition a fire-proof Auditorium which has a seating capacity of 1,500, which is used for lectures, demonstrations, butter and cheese making competitions, etc.

Horticultural Building—This building, built in the form of the letter "E," has a floor space of 45,000 square feet, and is constructed of pressed red brick and steel with stone facings. It is the handsomest Exhibition Building on the Grounds, having a dome which reaches the height of 100 feet.

Railway Exhibits Building — Built by the principal Railway Systems of Canada for the exhibition of cereals, fish, game, minerals, views and forestry, and agricultural products of the country. This is an exceptionally handsome building, having three wings or courts—one for each of the leading railway systems.

Transportation Building—Built of red pressed brick with stone trimmings, with concrete foundation and roof supports of trusses of steel. It is 337 feet long by 153 feet wide, and provides 43,000 square feet of space for exhibits of automobiles, motor boats, supplies, etc.

Other Buildings—Other separate building for exhibits are:—Agricultural Building, Women's Building, Honey Building, Stove Building, Poultry, Pet Stock and Dogs.

There are also separate buildings for telephone, telegraph, police and fire protection purposes.

Live Stock Buildings—Comprise 26 Horse Stables, accommodating 1,400 animals; 10 Cattle Stables, accommodating 1,200 animals; 8 Swine Buildings, accommodating 500 animals; 8 sheep Buildings, accommodating 750 animals.

Grand Stand—The new Grand Stand has a length of 725 feet, and a chair seating capacity of over 16,400 people. It is absolutely fireproof, the construction being of steel, reinforced concrete and pressed brick. It overlooks a well laid out half-mile track, on which horse racing, bicycle and automobile racing takes place. The harness, saddle and hunt horses are judged here. In front of this Stand the Special Attractions and Fire-works are displayed.

Public Libraries.

The management and control of the Public Libraries of the City are vested in a Board of Management, composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate School Board. The persons appointed by the City Council and Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The members of the Board for 1910 are:—Mr. A. E. Huestis, Chairman; Mayor Geary, Hon. Sir. Glenholm Falconbridge, Messrs. H. T. Kelly, K.C., T. W. Banton, W. T. J. Lee, John Turnbull, T. W. Self and N. B. Gash, K.C. Chief Librarian, George H. Locke, M.A.; Secretary-Treasurer, Edward S. Caswell.

The Board holds its regular meetings on the second Friday of each month, and the two standing committees—Building and Finance, and Library—meet on the next preceding Tuesday.

The Public Libraries are maintained by a tax not to exceed a quarter of a mill on the assessable property in the City.

PUBLIC LIBRARIES—*Continued.*

The principal Library is located at the corne of St. George and College Streets. This build ing is known as the Reference Library, but con tains within it the College Street Circulatin Branch.

The Central Circulating Library is located a the corner of Church and Adelaide Streets where it has been for the last twenty-six years

There are branches on Yorkville Avenue, Col lege Street, Queen and Lisgar Streets, Annett Street and Broadview Avenue and Gerrar Street.

All these Libraries with the exception o the old Central Circulating Library, have bee built through the generosity of Mr. Andrev Carnegie.

The combined Libraries of the City contai about 153,000 books, of which approximatel 75,000 are in the Reference Library. The cir culation of books from the Central and branche during the past year was about 540,000. Th use of books in the Reference Library is abou 200,000 per annum.

On the third floor of the Reference Library i situated the Art Museum where throughout th the year there are exhibitions of the various

Art Associations of the City. These are under the control of the Art Museum Association, to whom the use of the rooms are given free of all charge. On Saturdays of each week the rooms are open to the public without charge.

The Reference Library is open from 10 a.m. to 9.30 p.m. Circulating Libraries and Reading Rooms, 9 a.m. to 9 p.m.

The offices of the Chief Librarian, and also of the Secretary-Treasurer, are in the Reference Library, corner St. George and College Streets.

The main Newspaper Reading Room is situated on the corner of Church and Adelaide Streets, but all the branches are well supplied with daily papers and periodicals from all over the world.

For the information of the public a bulletin is issued every six months giving in dictionary catalogue form a list of all the books received and accessioned during the preceding six months at the Central Circulating Library and at the Reference Library. This may be purchased at any Library for ten cents.

Library telephone is College 5620.
